

Happy New Year everyone! It's hard to believe it is already 2011. We appreciate everyone's ongoing fantastic support and we can't wait to make 2011 our best year ever. We're starting off right with some great classes to help you avoid the doldrums of winter including a quick, easy drawstring bag that has become very popular (details below). We are also restarting Thursday drop-in work days! With finishing the final touches on the new workspace in back complete with an additional cutting station so we'll have plenty of room to work and move around. Thursdays are great days to plan to finish your projects, or just catch up with friends! We have also finished rearranging the shop and reorganizing the color wall to accommodate all the new fabrics that have been arriving over the last few weeks to months so stop in and see all that's new. We have three new collections from Moda as well as new fabrics from South Sea Imports, Robert Kaufman, Blank Fabric and many others and we carry over 45 bolts of 102" to 108" wide flannel, cotton and batik backing fabrics! Even with the surge of sewing machines for repair lately we are still able to have them back to you within a week in most cases and don't forget about our custom machine embroidery when you need to personalize a gift or provide the perfect label for your quilt project. We also have the ability to provide affordable apparel and promotional items, hats, and coats for embroidery right here in the shop as well!
